To the best of my knowledge and belief, the following antitrust statement reflects the policy and practice of the Association of State and Territorial Health Officials (ASTHO), and ASTHO adheres to the admonitions contained in this antitrust statement.

ASTHO Anti-Trust Statement

ASTHO strictly adheres to federal and State antitrust laws in all respects. ASTHO meetings may not be used for the purpose of bringing about any understanding or agreement among competing firms to: (a) raise, lower, or stabilize prices; (b) regulate production; (c) allocate markets; (d) encourage boycotts; (e) foster unfair trade practices; (f) assist monopolization; or (g) in any way violate the antitrust laws. In order to avoid any misperception or misunderstanding, discussions regarding matters that are competitively sensitive are prohibited, including in particular pricing, customers, and future business plans. ASTHO reserves the right to immediately terminate any meeting due to comments or discussions that are inappropriate from an antitrust standpoint.
