

## 2017 Environmental Public Health Tracking: Peer-to-Peer Fellowship Program

---

### Application and Scoring

Please provide following in your completed application:

1. Completed application form.
2. Project narrative and statement of need.
3. Curriculum vitae.

#### Scoring Rubric

1. Completed application form (1 point)
2. Project narrative components and statement of need (1 point)

#### **Tracking Experience and Interest**

- A. Introduction/background. Motivation and how knowledge gained will be applied. (10 points)
  1. Demonstrated need for the proposed tracking project
  2. Applicant's experience or knowledge in tracking or related data collection activities
- B. Pilot project description, including tracking content area(s) of concern (5 points)
- C. Plans for collaboration (10 points)
  1. Describes the roles of program staff and joint effort to ensure the successes of the project
  2. Describes engagement with potential stakeholders

#### **Feasibility and Overall Quality**

- D. Project timeline with milestones (5 points)
- E. Anticipated challenges in meeting the goals set forth in project (5 points)
- F. Expected outcome of project. (5 points)

#### **Sustainability**

- G. Reasons project may have high probability of success (15 points)
  1. Potential to integrate proposed environmental epidemiology or data collection activity into the Tracking Network
  2. Agency's capacity to undertake the proposed effort (e.g. FTEs, methods, leveraged funds or resources (if any) devoted to the project)
  3. Demonstrated ability to sustain the project beyond the project end date (June 20, 2018)
- H. Future plans to sustain project beyond the project period (5 points)

3. Curriculum vitae (1 point)

#### **Additional Points**

- Applicants whose state or territorial agency has not previously participated in the EPHT Fellowship Program will be awarded five (5) additional points.
- Applicants that propose to develop an accompanying Story Map published on ArcGIS Online will be awarded five (5) additional points.
