

**PRISM Learning Community: Virtual Learning Session #7**  
**Innovative Approaches to Mental Health & Substance Use Care in Response to COVID-19**

**Date: Wednesday, November 18th, 2020**

**Time: 2 pm – 3 pm ET**

Session Objectives:

- Recount the challenges COVID-19 has created for accessing/delivering mental health and substance use care to MCH populations
- Describe federal policy changes that have enabled development of new telehealth models of care for mental health and substance use disorder treatment
- Examine two successful state programs to implement telehealth for mental health and substance use care
- Explore lessons learned and goals for future growth of tele-mental health/substance use programs
